

## Site Sought As Plan Made For New CHP Office

Short-Wave Radio Station  
For Police Work  
In Plans

Location for a proposed new California Highway Patrol office for the Truckee area is being sought by Captain George Peterkin of Roseville, in charge of the local squad unit.

The building, a 58 by 25 foot structure, is to be erected by the property owner and will be leased for a ten year period by the patrol, Captain Peterkin has been advised.

The specifications call for several rooms, including a small lobby, a business office, squad room, a sergeant's office and storage space and rest rooms. A two-car garage will be connected to the building.

The exterior walls will be frame construction with exterior stucco or cement block.

Provision is also being made to install a short-wave police radio station in the building, Captain Peterkin said. A booster station is already under construction near here to provide the additional power for broadcasting and receiving police calls.

No indication has been given as to when or where the station will be erected, although Gateway Park area seems to be favored. Captain Peterkin said the department hopes to have the station as close to Truckee proper as can be arranged under the plans adopted.

Anyone interested in building a structure of the type specified may obtain copies of the specifications by contacting Captain Peterkin at the Roseville office of the patrol.

Presently the patrol office is housed in a small building near Truckee Resort, two miles west of here.

## MEADOW PARK RESIDENTS ASK ROAD DISTRICT

NEVADA CITY—Mr. and Mrs. Peter Zydner of Truckee appeared before the Nevada County board of supervisors October 14 on behalf of the Meadow Park Improvement Association and presented a petition signed by 36 residents of the area asking that a special assessment district be formed in their area as a means of raising local tax money to provide winter snow removal on roads which are not a part of the county road system. The area involved is directly west of Gateway Park, north of Highway 40.

Accompanying the petition was \$100 in cash to be used as an initial payment for removal service between now and the time that is required for the new district to begin producing tax revenue.

This initial step was part of a course of action outlined by the district attorney and the supervisors at a previous meeting as the only legal means by which the service could be provided. During the winter snow blocked roads constitute a serious menace to health and safety of residents along the roads in that area.

## BURROUGHS HEAD EAST, THEN SOUTH

Mr. and Mrs. P. Max Burroughs of Tahoe Vista left for Chicago Wednesday where they will visit with his mother before continuing to Texas, where Mrs. Burroughs will undergo surgery on her arm. She is returning to the place where her arm was cared for, following an accident years ago.

The well known couple recently sold their Lake Tahoe resort and will stay in the east and south until next April, according to present plans.

## DISTRICT DEPUTY VISITS REBEKAHS

Following the ceremony Mrs. C. R. Heller and Mrs. Anton Mayer served refreshments. Visitors of the evening included Mrs. Herbert Bennetts of Ione and Mrs. Hannah Stewart of Truckee.

## Porcupine Game Ends In Victory For Sierraville

Truckee District of the Tahoe National Forest played host to the Sierraville District at a dinner at Sarge's Tuesday night settling an unusual contest which has taken place during this year with the lowly porcupine the target.

At the first of the season, it was agreed that the district collecting the largest number of porcupine noses was to be treated to a steak dinner. Sierraville won by a nose—or, as a matter of fact, 40 noses—the score being Truckee 87 and Sierraville 127. There were those who accused the winners of seeking out and nipping the noses of porcupines killed by autos on the highways but since the noses were there and properly strung, like beads on a string, and the score was what it was, the visitors were feted royally.

District Ranger E. E. Boehm presided at the feast which was hailed as a big success and no doubt will result in a similar contest next year. Twenty-six participated in Tuesday's party.

The contest was arranged as a stunt to create interest in bringing porcupine numbers into balance. The otherwise harmless animals live on the bark of young pine trees all winter, causing considerable damage by killing the trees.

## EDYTHE DEATON MARKS 15 YEARS IN 'PHONE FIRM

Mrs. Edythe L. Deaton was honored October 14 after completing 15 years of service with the Pacific Telephone Company. Fellow employees gathered in the lounge room of the traffic quarters in the local office to congratulate Mrs. Deaton and to share in a special cake and other refreshment.

She began her service with the company in Reno but for the past 11 years has been with the business office in Truckee. Manager Howard J. Newsham presented her with a pin significant of her 15 years with the company.

Mrs. Deaton is well known in Truckee, where she owns her home on east Main Street, and is an active member of the Eastern Star chapter and the Wyethia Women's Club here.

## HALLOWEEN PARTY FOR GIRLS' GROUP

Next Monday afternoon the Brownies Troop will have a Halloween Party at the Wyethia Club house. Prizes will be given and games played. Refreshments of cider, do-nuts and candy will follow. Hostesses for the afternoon will be the leaders, Mrs. Jack Ellis, Mrs. Harry Barnes and Mrs. Fred Pedley.

## HIGH SCHOOL HEAD SPEAKS FOR LIONS

George Bergen, principal of the Tahoe-Truckee High School spoke of the activities in the schools and stressed the cooperation of the parents with the faculty, at the regular meeting of the Lions Club held at Donner Lake Lodge Wednesday evening.

Charles Heller presided and Earl Stice was program chairman. Marshall Porter, Don Scofield and Paul McCulloch, all of Colfax, were visitors.

## ROSALIE KASPIAN IS SCOUT PREXY

Installation of officers of Girl Scout Troop No. 2 will be held at the Wyethia clubhouse Monday afternoon. Rosalie Kaspien will be installed as president, Rosalie Christensen, vice president; Linda Loynd, secretary, and Susan Bay-singer, treasurer. The installing officer will be the troop leader, Mrs. Gladys Pedley.

A program of music will follow the installation and refreshments will be served by the Girl Scout committee. The troop will later hold a dinner and attend the Donner Theater for their Halloween Party.

## Birthday—

J. C. Roberson Jr. celebrated his birthday on October 18.

## Donner District Petition Seeks Utility System

Consider Ordinance to Curb  
Trailer Courts On  
Lakeshore

Two petitions, one directed to the Nevada County board of supervisors seeking a restriction on establishment of trailer courts and the second to the Truckee Public Utility District asking that a suitable water supply be installed, were considered and given approval at a meeting of the Donner Lake Improvement Association held last Thursday.

A special dinner meeting was scheduled for Donner Lake Lodge tonight to go further into details of the two plans and for discussion of other matters designed to benefit the lake area.

The meeting last Thursday was held at the home of John Waggoner, president of the association, and while opinions differed on the petition to restrict trailer camps along the lake front, it was generally agreed that the step was wise in the face of continued growth and development of the area.

Principal concern expressed was on the problem of sewer disposal, a matter which has caused some concern to the residents of the area who are anxious to see suitable and definite legislation on a local level passed to correct what might develop into a serious threat.

Recently, a corporation was formed for the purpose of installing an adequate water supply, but the majority of those present felt, according to views expressed, that a system under the supervision of the utility district, equipped to also maintain a sewer disposal system, would be more adequate. The board of directors of the district have not expressed any opinion in the matter officially but will give the matter consideration when and if it is presented.

## CUBS PREPARING FOR PACK MEET NEXT TUESDAY

Three Dens of Cub Scouts are actively working for awards to be presented at the Pack meeting to be held at 7 p.m. Tuesday evening, October 27, in the Truckee Elementary School building.

Mrs. Wilber Glenn is Den Mother for group No. 1, Mrs. James Walker counsels Den No. 2. That group has been concentrating on making bracelets and learning poems for the event and have been selling tickets for the October 24 PTA supper as their part of community interest.

Mrs. D. McGihon, Den Mother of the newly formed No. 3 group, reported the following boys meet with her each Tuesday afternoon at 2:30: Mike Lee, Joe Parkhurst, Gary Brines, Leo Hendricks, Dennis Whiteneck, Daven Morey, Ed-die Eaton, Robert Stone, Darby DeLisle, who celebrated his natal date this week, and Gene McGihon, voted Denner of Den No. 3.

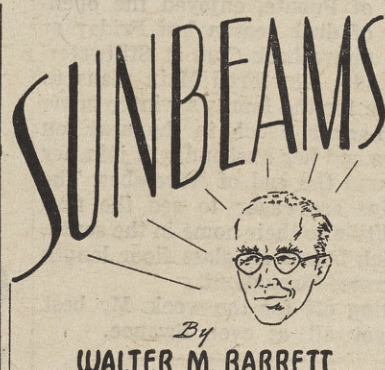

## MRS. WILSON ASKS HELP FOR GREEKS

Earl Stice, chairman of the local Red Cross branch, has asked Mrs. Fosten Wilson to solicit funds for the Greek emergency relief this week, as Ed Trask, who had been working on the project, was called east.

Mrs. Wilson has asked that any organization or individual wishing to contribute to the worthy cause may leave the money at the office of Judge Fosten Wilson.

## DOE SLAYERS FINED BY LOCAL JUDGE

After pleading guilty to killing a doe, John Phipps, Truckee, was fined \$500, with \$250 suspended, when he appeared before Judge F. W. Wilson Monday. Phipps' son, Maurice, was assessed \$250 on a similar charge and this amount was suspended. The boy was placed on a year's probation. They were cited by Game Warden Erving Single.

WALTER M. BARRETT

As this progressive district continues to grow in population and activities, new and varied problems crop up with increasing regularity. Being almost entirely dependent upon a central government 53 miles away and across a mountain, where some officials apparently fail to recognize the problems except in a remote and abstract way, it is high time that serious thought be given a form of more local management. True, we share in county assets—and liabilities—to a certain extent, but after all we are, as one hired county official recently put it, "only one-fifth of the county." What this person evidently failed to recognize is the fact that we are a community of people, numbering well over many other "one-fifths" of the county and as such should certainly be entitled to a few privileges perhaps not now provided in less populated areas. In fairness, we cannot altogether blame these officials for this attitude. Being somewhat remote from our seat of local government and without a unified voice with which to present our claims and requests, it is little wonder we often feel neglected. We do have here many separate boards and various organizations, each quite naturally working to benefit their particular purpose, but when it comes to an overall project, affecting the entire community, we are handicapped to a great degree by our inability to present a solid front. There is a way, but only one way that we can suggest to solve our problems, and that is to incorporate the community into a city and thus eliminate duplication of effort and instead of being required to await the pleasure of a governing body many miles removed, to adjust our own difficulties as they arise, and when required be able to present a unified front for the best interests of the whole area.

## 'PHONE FILM SEEN AT ROTARY MEET

An interesting movie titled "In the Future" was presented by Howard Newsham, manager of the local office of the Pacific Telephone Company, at the Truckee Rotary Club's Monday night meeting at Donner Lake Lodge.

The film reviewed the progress of the telephone service over the past 50 years, plus the contribution the industry provided during the last war. It pointed to the many by-products that have been developed over the years.

The meeting was presided over by John Richards with Robert Wolf acting as program chairman. Next Monday night will be a ladies' night meeting to be held at Soda Springs Hotel at 7 p.m.

## TRAVELER DIES IN HEART ATTACK

Jess Campbell, 62, a San Francisco resident, was pronounced dead on arrival at the Tahoe Forest Hospital Sunday after he suffered a heart attack while driving along the highway near Donner Summit. The Truckee Colonial Mortuary shipped the body to San Francisco.

## PLACER YOUTHS WILL VISIT HERE

AUBURN—Ten students from Placer Union High School here will attend the annual Tahoe-Truckee leadership conference on Saturday, November 14, at Truckee. At a meeting of this group last year, Ron Johnson of Auburn was elected president by representatives of 17 schools who attended.

The meeting will consist of three morning and afternoon panels on high school and 'teen-age problems. The conference will be attended by some prominent adults, who will participate as guest speakers.

## Local Hospital Asks Aid For Indigent Cases

Plan Is Before Supervisors  
As Hospital Board  
Approves

A final decision on whether or not the Tahoe Forest Hospital can participate in the Nevada County indigent treatment program will be made at the next meeting of the county supervisors.

John H. Wardman, administrator at the local institution, appeared before the board last week to read an agreement, price schedules and other data for consideration of the group.

The agreement proposes that indigents could be admitted and treated at the Tahoe Forest Hospital on an emergency basis with the county reimbursing the institution for this treatment. The patient would be removed to the county hospital as soon as possible. It was pointed out that while the Tahoe Forest Hospital is partially tax supported, it cannot accept patients on a free basis, as does the county hospital.

Under the terms of the proposed agreement, the county would repay the hospital here for treatment given the indigent who might require immediate attention.

In the past treatment has been given the indigent here but no provision has been made for payment of the costs of handling the case. Under the proposed agreement, the initial cost for the first 24 hours of treatment here would be based on the cost for the same service at the county hospital. After that time the cost would parallel regular charges here.

Wardman explained, however, that except in rare instances it is possible to move the patient to the county hospital within that time. The local hospital board has approved the plan.

## SUNSHINE GIRLS PREPARING FOR DUAL CEREMONY

Donner Council No. 13, Pythian Sunshine Girls, met Wednesday, October 21, in regular session with Sharon Pace, presiding and 15 members present. Plans were completed for initiation and installation on November 4. Refreshment committee will be Janice Gray, chairman; Nancy Marquis, Nona Rae Coffey and Janice Notley.

After the meeting, a scavenger hunt was on, creating lots of fun. Other diversions were bobbing for apples and the antics of a "Coo-Coo" game. The table was attractive with Halloween decorations and refreshments were doughnuts and apple cider.

The auditing committee will meet October 29 at the home of Mrs. Pearl Heller.

## FIRST READING OF PROPOSED LAW ON SEPTIC TANKS

A proposed ordinance, read for the first time at a meeting of the board of supervisors last week, will require a permit from the Nevada County health officer before any new septic tank or other sewage disposal unit can be installed.

One of the provisions of the ordinance requires that, "no septic tank, drainage field or leaching system shall be within five feet of any building used as a dwelling, within ten feet of any property line, within 50 feet of any well or 20 feet of a stream."

Provision is also made for minimum capacity tanks. It requires at least a 750 gallon tank for five people or two bedroom house, plus 100 gallons for each additional person up to 12, plus 50 gallons for each additional person over 20.

A fee, to be determined later, will be charged for each permit.

Locations and types of disposal units are also prescribed in the proposed law.

## Leave for Sacramento—

Mr. and Mrs. Arthur Walters, former owners of the Sierra Tavern, recently sold to Mr. and Mrs. N. F. Dolley, left Monday for their home in Sacramento.

## Truckee Holds High Second As Travel Declines

Although travel into northern California by way of Truckee dropped nearly 12,000 passenger cars during September, as compared to August, it was still nearly 7,000 ahead of the same month last year.

The report from the California Department of Agriculture shows that there were 55,018 cars, 2,871 trucks and 717 buses checked at the Truckee quarantine station during last month. Passengers totaled 181,663.

During the month Truckee maintained its second place position among the 17 border quarantine stations, being exceeded only by Yermo, which reported 62,954 cars. Truckee was nearly double any of the other reporting stations.

At Meyers on Highway Fifty, 17,245 cars, 230 trucks and 35 buses were checked and the passenger count there was 45,055.

Over the state as a whole, 362,038 cars, 22,913 trucks and 4121 buses were checked at the border stations with a passenger total of 1,064,589. This marked an increase over the same month last year, when 315,871 cars were checked and passengers' total was 934,375.

## SAGE TRIAL JURY FAILS TO AGREE, STUDY NEW TRIAL

The jury in the superior court at Nevada City failed to agree on a verdict in the case of George Howard Sage and has been dismissed by Judge James Snell.

The court will hear a motion for a new trial by District Attorney Vernon Stoll Monday at 1:30 p.m. Sage was charged with manslaughter as the outgrowth of an automobile collision near Truckee June 17 in which Alfred Richard Haddy, formerly of Nevada City, was killed. John LaRue was the defending attorney.

A number of Truckee witnesses, including N. F. Dolley and State Patrolman Martin Sturcke, testified.

## LOCALS LOSE TO RENO J.V., PLAY CHESTER OCT. 24

The Reno High School football field was the scene of the Reno Junior Varsity versus Tahoe-Truckee Varsity football game last Saturday afternoon. The Tahoe-Truckee Wolverines outwitted the Reno lads but failed to spoil the latter's undefeated record this season and lost by a 39 to 0 score.

It seemed that when Reno would pass or make a reverse, it would work each time, yet when the Wolverines attempted passes or reverses their combinations just did not click. The tackling on both sides was better than had been noted in previous games. Also, there was a marked improvement by many of the Wolverines in blocking.

All of the scoring, with the exception of one touchdown and conversion, took place during the first half. During the second half, the Wolverines set up a more stubborn defense which was more difficult for the Huskies to penetrate.

This Saturday, at Loyalton, the Tahoe-Truckee Wolverines will meet a highly favored Chester football team. Game time has been set for two o'clock.

## P.T.A. SPONSORS PUBLIC DINNER HERE SAT'RDAY

The Truckee Elementary School Parents and Teachers Association has completed preparations for the dinner to be held Saturday evening, October 24, and will begin serving the following menu at 6:30 p.m.: hot casserole dishes, tossed salad, relishes and french bread, completing the supper with coffee, ice cream and home made cookies.

The committee in charge has requested that any one who is contributing food to the affair to please have it there before 6 p.m. that evening and to mark their kitchen utensil or container for easy identification.

## In County Seat—

Judge and Mrs. F. W. Wilson were in Nevada City on business yesterday.

## First Storm Of Season Blamed For Accidents

"Tate" Williams and Wife  
Injured in Plunge  
Off Road

The first major storm of the season, which dumped six inches of snow on Donner Summit and left .88 of an inch of precipitation in Truckee, was largely responsible for a series of weekend vehicle accidents, the California Highway Patrol reports.

William Tetefer (Tate) Williams of Reno, well known here as a Rotary Club official, and his wife, Enid, were seriously injured and taken to the Tahoe Forest Hospital Sunday afternoon when their car was wrecked in a 55-foot plunge off Highway 40 half a mile east of Norden.

Cars Skidding  
Williams told Patrolman Carroll Maynard that another car skidded into his path and he swerved to avoid a collision, lost control and went off the grade. He was cited for not having his car under control.

Sunday evening cars driven by David Gene Jackson, 19, Acampo, and Shirley Ann Thom, 20, Carson City, were wrecked near Norden when Miss Thom's car went out of control, swerved across the road and collided with the Jackson vehicle. Mrs. Lester Felesina of Floriston was injured, but not seriously. Miss Thom was cited for speeding and being on the wrong side of the road.

George W. Terry, El Cerrito, stopped for a snow plow near Soda Springs Sunday evening and was struck by another car operated by George W. Lewis Jr. of Emigrant Gap, who was cited by Patrolman Maynard for following too close. No one was hurt.

Another at Soda Springs  
Another Soda Springs accident Sunday evening involved cars driven by Frank J. Luhnman, Burlingame, and Arthur A. Giguere, San Francisco. The Luhnman car apparently skidded, struck the Giguere car and knocked the latter over a 25-foot embankment. Luhnman was cited by Maynard for speeding and being on the wrong side of the road. No one was seriously hurt.

Etfanio Eerala, Walnut Grove, was hurt when a car driven by Roman Gonzales, Walnut Grove, plunged off the grade a mile east of Soda Springs Saturday evening. Gonzales said another car forced him off the shoulder of the highway. Eerala was taken to the Tahoe Forest Hospital for treatment and released.

Three Car Collision  
James Wardell of Reno was hurt when three cars piled up at Kingsvale Sunday. Cars driven by Wardell and Elden D. Harrington, also of Reno, had stopped and a third car, operated by Earl G. Henley, San Andreas, ran into them. The latter was cited by Officer Maynard.

Harold L. Queen, San Leandro, driving for the Garrett Freight Lines, escaped serious injury at 9:30 Tuesday morning when his truck was forced off the highway near Boca. The cab and truck were badly damaged. Patrolman Roy Stallard investigated.

## DEADLINE SET FOR STAMP ON VENISON

Erving Single, state game warden, has announced this week that all who have deer meat to be stamped should contact him at Truckee telephone 18Y3. If the meat is to be kept more than 10 days after the close of the hunting season—which was last Sunday—it must be stamped.

The state charges \$1 a carcass for the official stamp.

## BROTHER IS KILLED IN HALIFAX CRASH

Charles Smart, 23, brother of Mrs. Douglas Barrett of Truckee and sailor in the Canadian navy, was fatally injured in a motor vehicle accident near Halifax, N. S., last Sunday, according to a telegram received by his sister. Details were not contained in the brief message.

Smart was a native of Grande Prairie, Alberta, and is survived by his father and another sister in that northern city. He visited in Truckee briefly last year when his ship was in San Francisco.

## LAKE POSTMASTER IS FATHER OF BOY

Tahoe City Postmaster Oliver Corona and Mrs. Corona are the proud parents of their first child, a boy, born at Reno on Wednesday, October 21. Paul Ernst are the given names of the baby, who weighed nearly seven pounds upon arrival.

## Swanee's Letter

Tahoe City, Oct. 18th

Dear Tahoeites:  
Winter arrived to day in the Lake Tahoe region in all its ermine glory, the first real snowfall being preceded by heavy down pour of rain. Around noon, snow began to fall and although not deep tonight, it did cover the ground and trees and the mercury slipped considerably. Only hope a really big storm is delayed at least until we—the Bud Scotts and myself—can close up and pull out for a winter in Orinda. We are due to leave October 30 for the lower clime. My good friend, Mrs. Jeannette Mitchell of Sunnyside, will take over my news reporting chore during my absence. If you have any news you wish in the Sierra Sun, you may call her at Tahoe City

316R or the office in Truckee at 161W. Thanks for your wonderful cooperation and kind words, my friends. Hope to see you all again when spring comes back to the lake.

The winter change-over has been completed at the Tahoe City telephone office. The winter agency this year will be handled by Mrs. Joe Mustol, formerly of Los Angeles, a resident of Tahoe City since last January. Other operators who will assist this winter include Mrs. Jean Henry, Carmen Morgan and Loya Soltan all of Tahoe City. Mrs. Florence Williams, who served as chief operator this summer, has transferred to the San Jose office.

Mrs. Ethel Hancock of Reno visited the home of Mr. and Mrs. W. A. Simmonds at Tahoe City over the weekend. Mr. and Mrs. M. O. Johnston of Sunnyside closed their

lakeshore estate last Wednesday and left for their home in Glendale for the winter. Captain and Mrs. John Kvistberg of Tahoe Park were Reno visitors last Friday. Corky Severson of Long Beach, who vacations here each July with his mother and grandparents, celebrated his 7th birthday October 10 with a luncheon party for 30 of his friends at his southern home. Ivan Wilson, his brother, Ed, and son Douglas, today motorized to Coleville to hunt rabbits, returning home with their limits. Mr. and Mrs. Imon Mitchell and son, Dale, were Marysville visitors over the weekend. Charles Beardsley and daughters were visitors at Tahoe over the weekend from their home in Oakland. They've closed their Pineland residence for the season but may be up weekends until snow arrives. Beardsley's Albi Lake, a commercial trout farm at Tahoe City, did an excellent business this summer and next year will be improved, with comfortable benches around the pond, attractive rock work and landscaping.

C. W. Vernon of Tahoe City reports that good headway is being made by the Midwest Construction Company which is installing Tahoe City's new sewage system. Weather has favored progress, with almost all of the 6 to 10 inch pipes already laid and work progressing on the filter plant. This is approximately 50 feet square, made of concrete. The contract calls for completion by mid-December but it is believed improbable that operation of the plant will be possible before spring. The pumps are yet to be installed and it will

take at least another month to complete the work.

To the Bert Scotts of Piedmont, who summer each year at their lakeshore home at Miramar Heights, congratulations on their 48th wedding anniversary October 24th. Many happy returns to two grand people.

Mrs. Bruce Wright is the newly elected president of the Tahoe Lake PTA, which held its first session in the local schoolhouse last Thursday afternoon. Mrs. June Grinstead is secretary and Mrs. Beccy Shontz treasurer. The PTA will pay for the cost of the annual Halloween Party for the children of Tahoe Lake School on October 31, mothers assisting in the preparation and serving.

Fred Main and his brother, Eddie of Puente, enjoyed the opening of duck season last Friday at the Canvasback Club at Stillwater, Nevada. Mrs. Fred Main plans to leave for the family's winter home in Laguna Beach in the next ten days and her husband will join her around the end of November. The Mains are eager to see the new addition to their home in the south, which boasts all glass floor length mirrors throughout.

Ring off for the week. My best to you all, as ever, Swanee.

## MOVIE MAKERS AT CRYSTAL BAY

TAHOE CITY— Three Tahoe-Truckee High School students, Miss Carol Wilson of Lake Forest, Miss Toni Street of Crystal Bay and Miss Jean Holmes of Brockway, were chosen last Friday to pose for some street scenes taken at Crystal Bay, Nevada, by Universal International Studios of Hollywood during the filming of scenes for their new picture, tentatively titled "Johnny Dark," to star Piper Laurie and Tony Curtis.

Scenes are being shot at various spots around the lake. Stars are being quartered at the Cal-Neva Biltmore and at least 75 other North Tahoe people were used in the scenes Friday.

The three local girls may journey to Reno this coming weekend to appear in a Mickey Rooney picture on location all next week in that city, if present plans materialize.

He said that although stream and lake pollution is a nationwide problem, volumes have been written by various agencies on probable pollution and contamination at Lake Tahoe and surrounding areas. He cited some of the problems of the pollution control organization has faced since 1949, when he became a member of the board.

Edmunds told the club members adequate sewage disposal is costly, especially in resort area with a fluctuating population and in all cities and small communities the

MORE, BETTER DEER  
KILLED IN REGION  
DURING '53 SEASON

TAHOE CITY—Deer season ended at Tahoe Sunday on the California side. Ernest P. Hoxsie of Tahoe City reported the last buck of the season, a forked horn weighing around 100 pounds, killed at Page Meadows. Constable Harry Johanson validated this and the following bucks:

On the 17th, for Donald Painter, a forked horn, 160 pounds, shot in the vicinity of the Truckee short-cut. On the 16th, Leonard Cortner of Badger shot a four-pointer, 180 pounds, near Miller Lake, and Richard Crose of Homewood killed a 190 pound five pointer near Miller Lake.

Clarence Beavers of the U. S. Forest Service at the Kent Campgrounds declares the Tahoe region yielded as many if not more bucks as last year and all were in better health than in previous years, probably due to the thinning out of the herds during the severe winter two years ago.

John the Beloved ends his first Epistle with these words, "Little children, keep yourselves from idols." An idol is some material object used as an object of worship. Does anyone wonder whether such idolatry goes on today? I find many cases of it from week to week. The gambler worships money and the thrill of getting something for nothing, something he can gloat over. The alcoholic worships alcohol and the forgetfulness of the world for a while. The fornicator and those who commit adultery worship the flesh, they dote upon that part of the Kinsey Report and the sinful pleasures of forbidden fruit. All who aid and abet these idolaters are partakers with them. They desecrate human personality, human decency and ultimate reality. Is it any wonder that Saint Paul writes in 2nd Corinthians 6:17, "Wherefore come out from among them and be ye separate, saith the Lord, and touch not the unclean thing; and I will receive you and ye shall be my sons and daughters, saith the Lord Almighty?"

Grdn Mack Lankering of Sacramento and Beryl Miles of Wisconsin at our home in Kings Beach on October 17. The bride wore a very beautiful grey ensemble. Mrs. Sophie C. Miedema attended the bride and Gordon McCloud (Buster) Webster of Bishop acted as best man. The happy couple are spending a short honeymoon at the south end of the lake before returning to Sacramento where they will make their home.

Wyman and Beverley Williams and baby "Randy" have returned to their home in Pasadena after spending five weeks with Mrs. Williams parents at Kings Beach. They were heard to say it's pretty hard to leave this beautiful lake "but we'll be back."

Mr. and Mrs. Donald Parce, formerly of Kings Beach, were up for a week staying with Mrs. Fred Snow on the Truckee-Brockway cutoff. They are now making their home in Oakland.

Saw Mr. and Mrs. Clair Walters during the past weekend just up to look around, says Clair. They are presently at San Diego but will be back in the spring, looking for a great big season.

Alice Sorensen reports the condition of her mother, who is in an Oroville hospital, is a little improved.

We are glad to note that the winter staff is already on duty at the Brockway telephone exchange, including Wilma Abbott, Alice Sorensen, Lois Preston, Lillian Rood and Byron Abbott. A good crew, I'll say.

Movie stars Tony Curtis and Piper Laurie were at Crystal Bay where Universal Studios were on location last Friday. Excitement ran high as many local folks worked as extras. There were too many

to mention by name but in the thick of it were Ella Mae and Dorothy Mercer. I am told that Dorothy made quite a hit with her dog and actually had her picture taken for a magazine. Kay Felte was there, high heeled shoes too. The picture probably will be named "Johnny Dark."

Rev. Sidney Winston, pastor of the Methodist Churches in Truckee and Kings Beach, gave an informative talk before the Brockway Rotary Club on the value of the United Nations at the meeting on Monday evening in Cal-Vada Lodge. He pointed out that without the church, the UN lacks spirit in much the same manner a football team does without local support. Rev. Winston declared that the "UN is no place to hide; it is a place to serve humanity. Dr. H. M. Holmes, president, presided at the business meeting and M. H. Dodd was program chairman.

On Sunday, Carol Howard, Kings Beach postmaster, will leave for San Francisco to attend the national convention of postmasters. This is the first such convention to be held so far west and it is quite an honor for Mrs. Howard to be a delegate. During her absence, Wilma Lucas will be in charge and the office will be closed at 12:30 until 1:30 for lunch, then on November 1 the postmaster tells us the office hours will be 9 to 12:30 and from 1:30 to 5 p.m. for the rest of the winter, being closed Sundays.

Lee Madden and Charlie Strich were out Fallon way again. Last week's adventure made a couple of sissies out of them. They stayed at a hotel this time. A half dozen ducks and geese was their bag.

David and Marguerite Ashton of Kings Beach have just returned

from a 4,000 mile trip to Iowa to visit her daughter. The trip took them through Nevada, Wyoming, Nebraska, South Dakota and Montana as well. Dave says the crops were about 60 per cent of normal because of a very dry season and some of the best country is around our area. In any case, both were very happy to be home.

It was a real pleasure to be over at the Truckee court pinch hitting for Judge Fosten Wilson and overhappy that he brought back good news. The Judges and Constables of California definitely decided to hold next year's convention at Lake Tahoe. The location and date have not yet been decided upon. Lots of ground work to be done.

Mr. and Mrs. Johnny Turner and Mr. and Mrs. Harold Hord, all of Johannesburg, are visiting the Arnold Miedemas in Kings Beach, planning to visit the San Francisco area.

Evangelistic mission services

are being conducted through Friday evening at Wee Kirk o' the Pines, Kings Beach, at 7:30 p.m., with Rev. Sidney Winston delivering the messages.

Church school is at 9:45 a.m. on Sunday and preaching October 25 will be at 11 a.m.

The snow flurry of last week brought out lots of predictions for the winter. Heard four old timers. Two said it's going to be a toughie because of the way the squirrels are packing in. The other two say it's going to be one of the mildest winters in years. Well, I sez it's going to be not too bad, not too good—but here's hopin' for the former.

At Carnelian Bay—Mr. and Mrs. Erle Heath of Oakland, Mr. and Mrs. J. A. Leak and Mrs. Veta Owen of Auburn spent the weekend at Carnelian Bay, running the weather gamut of rain, lightning, snow to sunshine

## TAHOE FAMILIES HAVE INCREASES THIS PAST WEEK

TAHOE CITY—Tahoe City residents are learning of the arrival of two new babies to local folks recently.

A son was born Monday morning to Mr. and Mrs. Charles Henrikson of Lake Forest in a Sacramento hospital. The newcomer has a three-year-old sister, Denise. He weighed 7½ pounds and has been named Steven Charles. Mrs. Henrikson will remain in Sacramento at the home of her parents, Mr. and Mrs. Joseph Duffee, for some

time before returning to the lake.

On Friday, October 16, Mr. and Mrs. Gus Gehlert of Tahoe City became the parents of a 6 pounds 6 ounces daughter, whom they named Julianne. She was born in Reno. Mother and daughter are due home during this week.

**Gone for the Winter—**Mr. and Mrs. Nate Sexton of Tahoe Park left the lake for Chico to spend the winter Monday. Mr. and Mrs. Albert Miller of Tahoe Park closed their home and left for their winter address in San Francisco Tuesday.

### AIRCRAFT WATCH SETUP ORGANIZED AT TAHOE CITY

TAHOE CITY—Lieut. Dwight Smith of the Sacramento Air Defense Filter Station, during a visit to Tahoe City October 15, appointed Mrs. Marie F. Henry and Al Henry Jr. as chief observers at the newly designated ground observer post at Tahoe City Garage.

Constable Harry Johanson is supervisor of Tahoe's Civil Defense setup here and last spring organized a complete list of volunteers to man the aircraft warning system. However, it found it was difficult to operate the center as those who were willing in the summer were too busy to spare the time and during the winter insufficient personnel remained at Tahoe to be effective. The Placer County board of supervisors, who were considering erection of a small building for this purpose, decided against it. Johanson declares that he has appointed local wardens and in case of evacuation from the cities to this mountain area, the nucleus is set up and ready but presently inactive.

Mrs. Henry will not at this time keep a 24-hour watch but is requesting volunteers to contact her and offer their services, even those able to serve a limited time will be welcome. The office of the Tahoe City Garage will be the center for the watchers. The purpose of the watch is to check our own planes flying over this area, so that in case of accident an accurate check may be kept on the progress of aircraft in distress, thereby narrowing the search. A badge is present those completing 36 hours service.

### LAKE TAHOE SKI CLUB SETS FIRST MEET OCTOBER 30

TAHOE CITY—The first regular meeting of the winter season for the Lake Tahoe Ski Club will be held in Tahoe Community Center Hall at Tahoe City at 8 p.m. Friday, October 30. President Max Porter requests all members and prospective members to attend as plans will be outlined for the coming winter sports season, with various committees to be appointed.

Two club members, James Baker and Lewis Fellows, will receive a new blue stripe on their white club sweaters for points earned in last winter's skiing season. Members who will be awarded white sweaters for the first time include Rusty Frodenberg, Ned Stuart, Rex Donaldson, Jay Stuart and Jimmie Huega. The white sweaters are given to the team members having accumulated at least 26 points in the previous skiing season and with the acquisition of additional required points they receive a blue strip on the sleeve each year. Ray Fellows, junior director for the past several years, will make the awards.

Mrs. Blanche Donaldson, tournament director, says the Lake Tahoe Ski Club has a wealth of young champions in the junior members, many of whom will specialize in jumping. Time of future meetings will also be decided on Friday night. Refreshments will be served.

### LIGHT BLANKET SEEN AT TAHOE WITH FIRST SNOW

TAHOE CITY—The first snow storm of the coming winter left just over an inch of snow on the ground Sunday, which was quickly dissipated in clearing sunny days following. According to the report by A. E. Frodenberg, official meteorologist here, rain and snow Saturday night and Sunday added .98 of an inch precipitation to the season's total.

The level of Lake Tahoe Monday morning was 6227.97 feet with four gates open.

Daily high and low temperature readings for the week before were officially:

Oct. 12th: 62, 32; 13th: 60, 30; 14th: 53, 36; 15th: 52, 27; 16th: 61, 28; 17th: 60, 28; 18th: 39, 55; 19th: low, 28.

### ENGAGEMENT OF PAT DUNNE TO PETE VANNI TOLD

TAHOE CITY—Announcement was made last Saturday of the engagement of Miss Patricia Dunne and Pietro (Pete) Vanni, both of Tahoe City.

Miss Dunne is the daughter of the Jack Dunes of Fairway Drive and Vanni is the son of Mrs. Diamonte Vanni of Tahoe and San Francisco. Miss Dunne is a registered nurse on the staff of the Tahoe Forest Hospital at Truckee. Vanni is employed by the Sierra Pacific Power Company here.

Plans for the wedding are tentative but will be completed for the service late in January or in early February in the Corpus Christi Catholic Church in Tahoe City with Father P. J. O'Neill of Truckee officiating. The heartiest congratulations of their many friends are being tendered this popular young couple.

### CUB SCOUTS WILL BEGIN ACTIVITIES

TAHOE CITY—Mrs. Neal Marvin of Tahoe Park is holding the first meeting of the fall for mothers of the Tahoe Cub Scouts, of which she is Den Mother, on Thursday afternoon, October 22. At that time plans for activating the Cub Pack will be organized.

On Friday, October 23, after school, the Cubs will hold their first meeting of the season at Mrs. Marvin's home. One of their first objectives will be the making of masks for Halloween.

Winter in Oakland—Mrs. Wm. Mayhew and Mrs. Evelyn Bliss, both of Tahoe City, are both going to Oakland to spend the winter months.
